

The Solar

System

To The Planets, Comets
and Beyond

Funded By NASA

Created at the Center for Integrating
Research and Learning at the Magnet Lab

<http://www.magnet.fsu.edu/education/teachers/resources/stars.html>

The Solar System

To the Planets, Comets
and Beyond

Primary Author:

Marcy L. Grauer

Development Team:

Mabry Gaboardi

Dr. Patricia Dixon

Dr. Munir Humayun

Funding Source:

NASA Education and Public Outreach Grant: EPO-06-657

Acknowledgements:

We would like to thank our participating teachers for their time and helpful suggestions.

The Solar System

To the Planets, Comets and Beyond

Table of Contents

Section 1: What makes day and night?

- Activity 1: Day Sky, Night Sky
What is in the sky?
"In the sky" booklet
- Activity 2: Why do we have day and night?
Why do we have day and night?
- Activity 3: Daytime, Nighttime Mural
- Activity 4: Why can't we see the stars during the day?

Section 2: Our Amazing Star, the Sun

- Activity 5: What is a star?
- Activity 6: Sensing Stars
- Activity 7: Our Sun
Why do we need the sun?
- Activity 8: Sun's Heat Makes a Treat
Sun's Heat Makes a Treat
- Activity 9: Layers of the Sun
Sampling the Sun
Parts of the Sun
- Activity 10: Papier Mache: Sun with Stars

Section 3: Our Planets

- Activity 11: The Planets
- Activity 12: Our Solar System
My Pocket Planetary Guide
- Activity 13: The Great Pluto Debate
The Great Pluto Debate article
Pluto and Kuiper Belt Fact Files
The Great Pluto Debate worksheet
- Activity 14: Wear the Asteroid Belt
Asteroid Belt articles
Asteroid Belt worksheet
- Activity 15: Papier Mache: Planets
Labels for the planets (classroom set)

Section 4: Comets

- Activity 16: Crazy Comets
Comet worksheets (3)
- Activity 17: Why are comets bright?
- Activity 18: Cooking up a Comet
Cooking up a Comet worksheets (2)
- Activity 19: Mission: STARDUST
Stardust Mission article (Intermediate)
Stardust Mission article (Primary)
Stardust Mission strips
- Activity 20: Searching for Stardust
Stardust Team
Particle Map
Sampling a Comet
- Activity 21: Comet Craters
Comet Craters worksheets (2)
- Activity 22: Comet Predictions
Comet Predictions

Unit Resources

- “Science Journal” cover page
- Activity Investigation
- Activity Investigation Modeling Strips
- Solar System Test “A”
- Solar System Test “B”
- NASA Student Scientist Name Tags
- The Planets Fact Chart
- Workshop Centers
- The Planet labels for individual use

Vocabulary Connection
